Patents and the Federal Circuit, 10th Edition Robert L. Harmon, Cynthia A. Homan, Charles M. McMahon

The most complete commentary available on the state of patent law. This monumental reference deals with both the high-profile cases and the uncelebrated decisions that tend to slip under the radar, and fits them into an analytical framework that reveals their true significance. Patents and the Federal Circuit, Tenth Edition addresses ever-changing issues and developments in substantive patent law, infringement litigation, and procedure. The authors distill the opinions issued by the primary source of governing law on patents, giving you convenient, onsource access to controlling case law. The material is organized in a way that is intuitively familiar to patent lawyers, so they can access the information they need quickly and easily. The Tenth Edition of Patents and the Federal Circuit covers all the important Federal Circuit decisions through the end of calendar year 2010.
