**Nana (Oxford World's Classics)** Émile Zola, Douglas Parmée

Nana opens in 1867, the year of the World Fair, when Paris, thronged by a cosmopolitan élite, was la Ville Lumière, a perfect victim for Zola's scathing denunciation of hypocrisy and fin-de-siècle moral corruption. The fate of Nana, the Helen of Troy of the Second Empire, and daughter of the laundress in L'Assommoir, reduced Flaubert to almost inarticulate gasps of admiration: 'Chapter 14, unsurpassable! ... Yes! ... Christ Almighty! ... Incomparable ... Straight out of Babylon!'

Boulevard society is presented with painstaking attention to detail, and Zola's documentation of the contemporary theatrical scene comes directly from his own experience - it was his own failure as a playwright which sent him back to novel-writing and Nana itself.

This new translation is an accurate and stylish rendering of Zola's original, which was first published in 1880.

**ABOUT THE SERIES:** For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe.
