All Shook Up: How Rock 'n' Roll Changed America (Pivotal Moments in American History) Glenn C. Altschuler

The birth of rock 'n roll ignited a firestorm of controversy--one critic called it "musical riots put to a switchblade beat"--but if it generated much sound and fury, what, if anything, did it signify?

As Glenn Altschuler reveals in *All Shook Up*, the rise of rock 'n roll--and the outraged reception to it--in fact can tell us a lot about the values of the United States in the 1950s, a decade that saw a great struggle for the control of popular culture. Altschuler shows, in particular, how rock's "switchblade beat" opened up wide fissures in American society along the fault-lines of family, sexuality, and race. For instance, the birth of rock coincided with the Civil Rights movement and brought "race music" into many white homes for the first time. Elvis freely credited blacks with originating the music he sang and some of the great early rockers were African American, most notably, Little Richard and Chuck Berry. In addition, rock celebrated romance and sex, rattled the reticent by pushing sexuality into the public arena, and mocked deferred gratification and the obsession with work of men in gray flannel suits. And it delighted in the separate world of the teenager and deepened the divide between the generations, helping teenagers differentiate themselves from others. Altschuler includes vivid biographical sketches of the great rock 'n rollers, including Elvis Presley, Fats Domino, Chuck Berry, Little Richard, Jerry Lee Lewis, and Buddy Holly--plus their white-bread doppelgangers such as Pat Boone.

Rock 'n roll seemed to be everywhere during the decade, exhilarating, influential, and an outrage to those Americans intent on wishing away all forms of dissent and conflict. As vibrant as the music itself, *All Shook Up* reveals how rock 'n roll challenged and changed American culture and laid the foundation for the social upheaval of the sixties.

It can be your alternative in spending your spare time, the book you have read is usually All Shook Up: How Rock 'n' Roll Changed America (Pivotal Moments in American History).

Cherie Fidler:

As a university student exactly feel bored in order to reading. If their teacher requested them to go to the library or make summary for some guide, they are complained. Just little students that has reading's heart and soul or real their interest. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that reading through is not important, boring and also can't see colorful images on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this All Shook Up: How Rock 'n' Roll Changed America (Pivotal Moments in American History) can make you experience more interested to read.
