Angry White Men: American Masculinity at the End of an Era Michael Kimmel

"[W]e can't come off as a bunch of angry white men."

Robert Bennett, chairman of the Ohio Republican Party

One of the enduring legacies of the 2012 Presidential campaign was the demise of the white American male voter as a dominant force in the political landscape. On election night, after Obama was announced the winner, a distressed Bill O'Reilly lamented that he didn't live in "a traditional America anymore." He was joined by others who bellowed their grief on the talk radio airwaves, the traditional redoubt of angry white men. Why were they so angry? Sociologist Michael Kimmel, one of the leading writers on men and masculinity in the world today, has spent hundreds of hours in the company of America's angry white men – from white supremacists to men's rights activists to young students – in pursuit of an answer. *Angry White Men* presents a comprehensive diagnosis of their fears, anxieties, and rage.

Kimmel locates this increase in anger in the seismic economic, social and political shifts that have so transformed the American landscape. Downward mobility, increased racial and gender equality, and a tenacious clinging to an anachronistic ideology of masculinity has left many men feeling betrayed and bewildered. Raised to expect unparalleled social and economic privilege, white men are suffering today from what Kimmel calls "aggrieved entitlement": a sense that those benefits that white men believed were their due have been snatched away from them.

Angry White Men discusses, among others, the sons of small town America, scarred by underemployment and wage stagnation. When America's white men feel they've lived their lives the 'right' way – worked hard and stayed out of trouble – and still do not get economic rewards, then they have to blame somebody else. Even more terrifying is the phenomenon of angry young boys. School shootings in the United States are not just the work of "misguided youth" or "troubled teens"—they're all committed by boys. These alienated young men are transformed into mass murderers by a sense that using violence against others is their right.

The future of America is more inclusive and diverse. The choice for angry white men is not whether or not they can stem the tide of history: they cannot. Their choice is whether or not they will be dragged kicking and screaming into that inevitable future, or whether they will walk openly and honorably – far happier and healthier incidentally – alongside those they've spent so long trying to exclude.

This great information can certainly drawn you into new stage of crucial considering.

Ryan Walker:

As a university student exactly feel bored to be able to reading. If their teacher asked them to go to the library or even make summary for some reserve, they are complained. Just little students that has reading's spirit or real their leisure activity. They just do what the teacher want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that reading through is not important, boring and can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this Angry White Men: American Masculinity at the End

of an Era can make you feel more interested to read.
