Manifesto: A Revolutionary Approach to General Aviation Maintenance Mike Busch A&P/IA

“There’s a dirty little secret about aviation maintenance: it often breaks aircraft instead of fixing them.”

“Manifesto” is the much-anticipated first book from renowned aviation columnist and speaker Mike Busch. Written in typical no-nonsense style, it lays out the basis of Mike’s “minimalist” maintenance philosophy for owner-flown general aviation aircraft. An owner who follows the book’s guidance can save a small fortune on maintenance costs and end up with a safer, more reliable aircraft.

Owners are advised to perform the absolute least amount of maintenance required to make their aircraft safe, reliable and legal... and nothing more. The book explains in detail why engine and propeller TBOs and most other manufacturer-prescribed maintenance intervals should be disregarded. And “Manifesto” explains exactly how to do it.

About the Author:

Mike Busch is arguably the best-known A&P/IA in general aviation. In 2008, he was honored by the FAA as “National Aviation Maintenance Technician of the Year.” Mike has been a prolific aviation writer for more than four decades. His “Savvy Aviator” columns have appeared in numerous publications including EAA Sport Aviation, AOPA’s Opinion Leader’s Blog, AVweb, and magazines for the three largest GA type clubs (ABS, CPA, and COPA). He is renowned for his free monthly maintenance webinars and his standing-room-only forums at EAA AirVenture Oshkosh. Mike has been a pilot and aircraft owner for 45 years with 7,500+ hours logged, and he is a CFIA/I/ME. He’s founder and CEO of Savvy Aircraft Maintenance Management, Inc., the world’s largest firm providing maintenance-management services for owner-flown aircraft.

From reader reviews:

Leticia Simmons:

Now a day people that Living in the era exactly where everything reachable by interact with the internet and the resources included can be true or not call for people to be aware of each info they get. How people have to be smart in getting any information nowadays? Of course the answer is reading a book. Looking at a book can help people out of this uncertainty Information specifically this Manifesto: A Revolutionary Approach to General Aviation Maintenance book as this book offers you rich information and knowledge. Of course the info in this book hundred per cent guarantees there is no doubt in it you may already know.

David Russell:

Reading a publication tends to be new life style in this particular era globalization. With studying you can get a lot of information that could give you benefit in your life. Using book everyone in this world can easily share their idea. Textbooks can also inspire a lot of people. A great deal of author can inspire their own reader with their story or their experience. Not only situation that share in the guides. But also they write about the knowledge about something that you need illustration. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that exist now. The authors on earth always try to improve their skill in writing, they also doing some analysis before they write with their book. One of them is this Manifesto: A Revolutionary Approach to General Aviation Maintenance.

Jeffrey Osburn:

This Manifesto: A Revolutionary Approach to General Aviation Maintenance is great reserve for you because the content that is certainly full of information for you who also always deal with world and have to make decision every minute. That book reveal it details accurately using great manage word or we can point out no rambling sentences within it. So if you are read it hurriedly you can have whole facts in it. Doesn't mean it only will give you straight forward sentences but difficult core information with attractive delivering sentences. Having Manifesto: A Revolutionary Approach to General Aviation Maintenance in your hand like finding the world in your arm, info in it is not ridiculous one particular. We can say that no e-book that offer you world with ten or fifteen small right but this guide already do that. So , this really is good reading book. Hi Mr. and Mrs. stressful do you still doubt this?

Antoine Harris:

As a student exactly feel bored to help reading. If their teacher requested them to go to the library or make summary for some reserve, they are complained. Just tiny students that has reading's internal or real their passion. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that looking at is not important, boring as well as can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's

country. So , this Manifesto: A Revolutionary Approach to General Aviation Maintenance can make you really feel more interested to read.
