The Social Nature of Mental Illness

Len Bowers

The Social Nature of Mental Illness Len Bowers

Psychiatrists assert that mental illness is a physiological brain disorder. The anti-psychiatry movement refutes this on grounds of lack of evidence claiming that mental illness is socially defined. Len Bowers offers a rational, objective and philosophical critique of the theories of mental illness as a social construct and concludes that, though sometimes misguided, they cannot be wholly rejected. This critical scrutiny of a controversial and keenly-debated issue will be of interest to psychologists, social workers, psychiatrists, sociologists and professionals in paramedical disciplines.
