Zines, Volume 1

V. Vale

Zines, Volume 1 V. Vale

This is the first comprehensive guidebook to the Zine Movement of self-publishing which started anew in the early 1990s, and continues with Internet blogs and publications like Found. Used in college classes, this how-to volume covers all aspects of self-publishing, including layout and design, promotion, marketing and distribution. Historical background covers everything from Benjamin Franklin's Poor Richard's Almanack to the science-fiction mimeographed zines of the 20s. Zines are independent, not-for-profit publications that counter the corporate monoculture of mainstream media, and are thus instrumental in keeping the torch of liberty and freethinking burning. Some very funny stories and illustrations punctuate this alternative-culture document from the underground.
