Goethe (Life &Times)

Peter Boerner

Goethe (Life &Times) Peter Boerner

Johann Wolfgang von Goethe (1749–1832) was one of the greatest thinkers of the modern age: a world-famous writer, scientist, and statesman, his influence was already far-reaching during his lifetime, and his literary and intellectual legacy continues to reverberate throughout contemporary culture. In this book, newly updated, Peter Boerner, a highly respected authority on Goethe, presents the definitive short biography of this extraordinary figure.

An exceptionally prolific and versatile writer, Goethe produced important works covering a range of genres. As a young man, he composed pastoral plays in the style of the waning Rococco, was an early proponent of the avant-garde *Sturm und Drang* movement, and became a literary superstar with *The Sorrows of Young Werther*, in which a young man's unrequited love culminates in tragedy. In his classic play *Faust*, which evolved over a sixty-year period, he created one of the best-known versions of the legend and introduced the prototype of the romantic hero. A scientist active in various fields, including botany and the theory of colors, Goethe also pondered issues of evolution well before Darwin. In Boerner's illustrated biography, Goethe's impressive oeuvre comes to vibrant life.

A major contribution to the English-language literature on Goethe, this is a beautiful and accessible introduction to one of history's foremost geniuses.

From reader reviews:

Josephine Lowe:

As people who live in the particular modest era should be revise about what going on or details even knowledge to make these people keep up with the era that is certainly always change and move forward. Some of you maybe can update themselves by examining books. It is a good choice for yourself but the problems coming to an individual is you don't know what type you should start with. This Goethe (Life &Times) is our recommendation so you keep up with the world. Why, as this book serves what you want and need in this era.

Christian Fowler:

A lot of people always spent all their free time to vacation or go to the outside with them loved ones or their friend. Are you aware? Many a lot of people spent they free time just watching TV, as well as playing video games all day long. In order to try to find a new activity this is look different you can read any book. It is really fun for yourself. If you enjoy the book that you just read you can spent the whole day to reading a publication. The book Goethe (Life &Times) it is rather good to read. There are a lot of people who recommended this book. These were enjoying reading this book. In case you did not have enough space bringing this book you can buy the particular e-book. You can m0ore simply to read this book out of your smart phone. The price is not too expensive but this book features high quality.

Lewis Dall:

This Goethe (Life &Times) is new way for you who has attention to look for some information because it relief your hunger of information. Getting deeper you onto it getting knowledge more you know or else you who still having small amount of digest in reading this Goethe (Life &Times) can be the light food for you because the information inside this kind of book is easy to get through anyone. These books build itself in the form which is reachable by anyone, sure I mean in the e-book type. People who think that in guide form make them feel drowsy even dizzy this publication is the answer. So there isn't any in reading a guide especially this one. You can find what you are looking for. It should be here for a person. So , don't miss it! Just read this e-book sort for your better life and also knowledge.

Ron Matthies:

Do you like reading a e-book? Confuse to looking for your selected book? Or your book had been rare? Why so many concern for the book? But any people feel that they enjoy to get reading. Some people likes looking at, not only science book but also novel and Goethe (Life &Times) or others sources were given knowledge for you. After you know how the great a book, you feel want to read more and more. Science guide was created for teacher or maybe students especially. Those textbooks are helping them to include their knowledge. In various other case, beside science publication, any other book likes Goethe (Life &Times) to make your spare time far more colorful. Many types of book like this one.
