The Eastern Mysteries: An Encyclopedic Guide to the Sacred Languages & Magickal Systems of the World (Key of It All) David Allen Hulse

In scope and clarity, there is no book that can compare to *The Eastern Mysteries*. This reissue of David Allen Hulse's landmark work is the one book all students of the occult must own. It catalogs and distills, in hundreds of tables of secret symbolism, the true import of each ancient Eastern magickal tradition. Each chapter is a key that unlocks the meaning behind one of the magickal languages. Through painstaking research and analysis, Hulse has accomplished an unprecedented feat—that of reconstructing the basic underlying systems that form the vast legacy of mystery traditions.

The real genius of this accomplishment is that it is presented in a way that is immediately understandable and usable. Although the book deals with many foreign scripts, ancient tongues, and lost symbols, it is designed for the beginning student. Included is a wealth of cross-references, excellent introductory material and overviews, an extensive annotated bibliography, and—new to this edition—a complete index.
