**Live Souls: Citizens and Volunteers of Civil War Spain** Serge Alternes, Alec Wainman

Live Souls presents 210 of the numerous photos that Alec Wainman took in the midst of the Spanish Civil War, and his personal story of his time as a volunteer member of the British Medical Unit. Until the present only a small number of his photos have appeared in a few historical books, where they have been valued for their insight into the troubled period. After much research by Serge Alternes, the entire corpus of the photos was discovered — in excellent condition. In Live Souls, Alternes has selected the best of these photos and imparted valuable detail with his introduction, captions to the photos, a timeline, as well as an overview of the international implications of Spain's civil war from a contemporary perspective. Alec's photographs and story bring revolutionary history to life, offering a complement to what George Orwell described in *Homage to Catalonia* and what the volunteer medical teams achieved with Drs. Norman Bethune and Reginald Saxton. Alec's humanitarian ideal as an apolitical Quaker persuaded him to volunteer in August 1936 at the outbreak of the war to defend the ideals of liberty. His lens reflects his compassion for the citizens, volunteers and the civil war itself. The story and photographs keep the souls of the Spanish citizens and volunteers alive.
