Unfolding is a book women want to share with each other — mothers, daughters, sisters and friends — because it reflects and leads back to their own wise self. *Unfolding* speaks to a woman's heart not her intellect. Some books are about information. For example, they tell you how far it is to the moon and the circumference of it. Some books are how to books. They tell you how to reach the moon. Metaphorically speaking, *Unfolding* is about falling in love with the moon. It speaks directly to your experience bringing you into the moment rather than telling you "how to do it," it takes you there.
